WIN the Future!

VISITOR INVITATION

Significance of Turkey

WIN THE FUTURE!

6 Leading Fairs Under Industry 4.0 Concept At One Stop!

Leading trade fairs of the Eurasia Region will bring together all components of the manufacturing industry under Industry 4.0 roof in 2019 event.

CeMAT EURASIA, IAMD EURASIA, Industrial Energy Systems EURASIA, Metalworking EURASIA, Surface Technology EURASIA and Welding EURASIA fairs will present all related components of the manufacturing industry to the visitors with 360 degree point of view.

WIN EURASIA 2019, which will host the leading manufacturers of the sector provides a compact overview of automation, electricity, electronic, energy, hydraulic&pneumatic, intra-logistics, materials handling, sheet metal processing, surface treatment and welding technologies. The event once again will prove that it is the leading innovation platform in the manufacturing industry for the visitors who wish to access the right solutions for the factories of the future.

Why You Should Visit?

- Feel the convivial pleasant ambiance of industry 4.0, future of the industry.
- Reach more product categories at one stop.
- The entire production chain will be on site. You can see the robots in action during the fair.
- Discover new trends and most effective products.
- Stay up to-date via conferences and forums addressing hot topics for innovative business solutions.
- B2B meetings to help identify potential business partners, new suppliers and customers.

Why Turkey?

- A dynamic and mature private sector with \$157 billion worth of exports and an increase of 47% last ten years.
- Turkey is the 13th largest economy in the world and 5th largest economy compared with the EU in 2017.
- In 2017, the export of Turkish Machinery sector was realized as \$14,8 billion and Turkey exported to countries such as Germany, England, USA, Italy, France, Iran, Romania, Spain, Algeria and Iraq.
- The Turkish Industrial Automation sector which has a volume of \$1 billion is expected to reach \$4 billion through true investments.
- In 2017, the export of Electric and Electronic sector was realized as \$10,5 billion and Turkey exported to countries such as England, Germany, France, Iraq, Turkmenistan, Azerbaijan, Italy, Holland, Saudi Arabia, Bulgaria, Russia, Spain, Israel, Egypt and Algeria.
- Pace of Turkey's GDP more than doubled in 2017 to hit 7.4%, becoming fastest-growing economy in G20 group of nations.
- Within 3 hours of flying distance, Turkey has access to 1.5 billion customers in Europe, Eurasia, the Middle East and North Africa.
